Portable Imprinter

You'll never know until the **day** you need one!

Model 4200

▶ The portable 4200 is compact, lightweight and easy to use. Simply insert the customer's credit card together with the appropriate sales slip, slide the lid to the right and a perfect impression is produced in one pass. Its compact size and contemporary design make credit card transactions possible any time, any place.

Chargebacks

▶ Chargebacks occur when a customer or bank disputes a manually entered credit card transaction. Using an Addressograph Bartizan imprinter provides you with a copy of the transaction needed to prevent chargebacks.

Backup

▶ Addressograph Bartizan imprinters are the ideal solution to today's electronic problems. When electronic terminals fail because of power failure, lost communication, or authorization hold-ups, your business won't suffer if you have an Addressograph Bartizan imprinter.

Customization

▶ One of Addressograph Bartizan's unique capabilities is in the area of customization. Most imprinters can be customized with any color or logo. Logos can be applied to the imprinters in four different ways - hot stamping, silk screening, hot stamp transfers, or labels. Customization contributes to your corporate identity and image at a very reasonable cost. Contact us to learn more about customized imprinters.
