Mini Imprinter

You'll never know until the **day** you need one!

Model 990

▶ The Addressograph Bartizan mini 990 is less than five inches square when folded down, so it fits neatly in the palm of your hand. Plus, operation is a breeze. Simply insert a credit card and sales draft. Close the cover, pull the thumb handle and the Addressograph Bartizan 990 delivers a great impression.

Chargebacks

▶ Chargebacks occur when a customer or bank disputes a manually entered credit card transaction. Using an Addressograph Bartizan imprinter provides you with a copy of the transaction needed to prevent chargebacks.

Backup

▶ Addressograph Bartizan imprinters are the ideal solution to today's electronic problems. When electronic terminals fail, communication is lost or authorization is held-up, your business won't suffer if you have an Addressograph Bartizan imprinter.

Customization

▶ One of Addressograph Bartizan's unique capabilities is in the area of customization. Most imprinters can be customized with any color or logo. Logos can be applied to the imprinters in four different ways - hot stamping, silk screening, hot stamp transfers, or labels. Customization contributes to your corporate identity and image at a very reasonable cost. Contact us to learn more about customized imprinters.
