

T8 Terminal

Low Cost Transaction Solutions from Hypercom

Hypercom's T8 terminal is a cost effective point-of-sale terminal, that combines a sensible user interface and high performance communications.

Product Highlights:

- ✓ 35 key keyboard for single stroke function activation
- ✓ 256K to store more than 100 transactions
- ✓ Under 10 second dial access response time
- ✓ Multi-protocol
- ✓ High contrast 2 x 20 backlit LCD display
- ✓ Full track 1 and 2 simultaneous card reader
- ✓ Multi-host applications
- ✓ Dial operation

Reduce operating costs and improve service quality with the Hypercom® T8 terminal. Its 35 pre-programmed keys allow for single stroke "Hot Key" function activation for a wide range of draft capture, debit, check verification transactions. The T8 also enables entry of alpha data with single keystrokes.

Faster dial access response times and reduced communication costs ensure lower operating costs with the T8.
