

NURIT 2085 QUICK REFERENCE GUIDE

RETAIL/DIRECT MARKETING
ETC TYPE 7 APPLICATION

Credit Sale

1 Swipe card through vertical slot as shown on terminal.

NOTE: If the magnetic stripe cannot be read by the terminal, a sales slip must be imprinted with the credit card information to verify that the card was present at the time of the transaction. Failure to imprint the card may result in a chargeback.

For manual entry:

- Key in card number and press the **ENTER** key.
- Key in the expiration dates and press the **ENTER** key.
(Example: for December 2001, enter 1201)

2 Key in dollar amount of transaction, then press the **ENTER** key.

NOTE: Prompting messages vary based on card type and setup. Terminal may display the following prompts:

- Invoice Number? Key the appropriate information, press the **ENTER** key.
- Clerk ID? Key the appropriate information, press the **ENTER** key.
- Order Number? Key the appropriate information, press the **ENTER** key.
- Type of Order? Choose the appropriate option.
 1. Mail/Phone Order
 2. Recurring
 3. Installment
 4. Unknown
 5. Card Present
- If Option 1. Mail/Phone Order, or Option 5. Card Present was chosen the following prompts might appear.
- Enter ZIP Code. Key the appropriate information, press the **ENTER** key.
- Enter House No.#. Key the appropriate information, press the **ENTER** key.

3 Transaction complete—Sale captured.

- Receipt prints if transaction is approved.
- Terminal displays transaction response, then returns to the IDLE prompt.
- Have customer sign receipt and place in cash register drawer.

Credit Return/Refund

1 Touch the **RETURN ▲** key on the terminal.

2 Swipe card through vertical slot as shown on terminal.

NOTE: If the magnetic stripe cannot be read by the terminal, a sales slip must be imprinted with the credit card information to verify that the card was present at the time of the transaction. Failure to imprint the card may result in a chargeback.

For manual entry:

- Key in card number and press the **ENTER** key.
- Key in the expiration dates and press the **ENTER** key.
(Example: for December 2001, enter 1201)

3 Key in dollar amount of transaction, then press the **ENTER** key.

NOTE: Prompting messages vary based on card type and setup. Terminal may display the following prompts:

- Invoice Number? Key the appropriate information, press the **ENTER** key.
- Clerk ID? Key the appropriate information, press the **ENTER** key.
- Order Number? Key the appropriate information, press the **ENTER** key.

4 Transaction complete—Return/Refund captured.

- Receipt prints if transaction is approved.
- Terminal displays transaction response, then returns to the IDLE prompt.
- Have customer sign receipt and place in cash register drawer.

Credit Ticket Only/Forced

1 Touch the **FORCED ▼** key on the terminal.

2 Swipe card through vertical slot as shown on terminal.

NOTE: When given the approval code by an operator, you must complete a Credit Ticket Only/Forced transaction to enter the item into the terminal and print a receipt for the customer to sign.

For manual entry:

- Key in card number and press the **ENTER** key.
- Key in the expiration dates and press the **ENTER** key.
(Example: for December 2001, enter 1201)

3 Key in dollar amount of transaction, then press the **ENTER** key.

NOTE: Prompting messages vary based on card type and setup. Terminal may display the following prompts:

- Enter Auth Code? Key the appropriate information, press the **ENTER** key.
- Invoice Number? Key the appropriate information, press the **ENTER** key.
- Clerk ID? Key the appropriate information, press the **ENTER** key.

- Order Number? Key the appropriate information, press the **ENTER** key.
- Type of Order? Choose the appropriate option.
 1. Mail/Phone Order
 2. Recurring
 3. Installment
 4. Unknown
 5. Card Present

4 Transaction complete—Ticket Only/Forced capture.

- Receipt prints if transaction is approved.
- Terminal displays transaction response, then returns to the IDLE prompt.
- Have customer sign receipt and place in cash register drawer.

Debit Sale

1 Press the **PAYMT/MODE** key.

2 Swipe card through vertical slot as shown on terminal.

NOTE: All debit card transactions must be swiped; debit card numbers may not be entered manually.

3 Key in debit sale amount of transaction, then press the **ENTER** key.

NOTE: Prompting messages vary based on card type and setup. Terminal may display the following prompts:

- Cashback Amount? Key the appropriate information, press the **ENTER** key.
- Invoice Number? Key the appropriate information, press the **ENTER** key.
- Clerk ID? Key the appropriate information, press the **ENTER** key.

Address Verification (AVS)

Visa and MasterCard offer the Address Verification Service (AVS) to merchants. This service reduces chargebacks by allowing merchants to check customers' addresses and/or ZIP codes against their credit card account numbers while performing authorizations.

Address verification is usually performed for manually entered sales, mail/phone orders and other transactions in which the credit card is not present. If your terminal prompts for AVS address or ZIP code verification, please follow these steps.

▶ If your terminal prompts House No.#?

Enter only the first five numeric digits (or up to the first space) of the customers home address; do not attempt to enter any alpha characters for street names.

Example: If address is ...	You enter ...
One Main Street	1
123 First Ave.	1 2 3
23 Main St., No. 56	2 3
4567 Main St, Apt. 89	4 5 6 7
34567 Main St., Apt. C-12	3 4 5 6 7

- Press **ENTER**.

▶ If your terminal prompts for AVS ZIP?

- Enter the customers 5 or 9 digit ZIPcode, press **ENTER**.

▶ Transaction complete. Sale captured.

- Receipt prints if transaction is approved. Wait till finished.
- Have customer sign receipt and place in cash register drawer.
- Terminal displays transaction response. Press Clear.

If address information was entered, a one-character verification response code is returned along with the approval code. Please consult your financial institution for a current list of verification response codes and information regarding the use of these codes.

- A - Address matches, ZIPcodes does not match.
- E - Ineligible transaction.
- N - Address and ZIPcode do not match.
- R - Re-enter, system unavailable.
- S - Service not supported.
- U - Address information not available.
- W - Nine digit ZIPcode matched, address does not match.
- X - Exact match of address and nine digit ZIP code.
- Y - Five digit ZIP code matches, address does not.

Additional Terminal Functions

▶ Void a Transaction.

Press the **VOID** ▶ key on the terminal until you have the appropriate transaction type.

- Key in card number and press the **ENTER** key.
- Key in the expiration dates and press the **ENTER** key. (Example: for December 2001, enter 1201)
