

MTT 1556 Credit, Debit & Smart Card

Products for Mobile Merchants

Product Overview

WAY Systems Mobile Transaction Terminal (MTT) combines low-cost mobile phone technologies with the capabilities of a point-of-sale (POS) terminal. The MTT integrates the security and functionality of a traditional POS terminal with the convenience of a mobile phone to create a terminal that accepts payment any where at any time.

Product Features and Benefits

- Works virtually anywhere
- Best mobile coverage available (GPRS)
- Supports all major processors
- Integrated PED certified PINpad
- Supports credit and PIN-based debit in one terminal
- Customer support included (24/7 Helpdesk)
- Telephone training available
- Shipped ready "Out-of-the-Box" with setup and activation completed
- Easy-to-use retail mobile credit and debit application
 - Optionally supports tip (retail), toll, invoice #, cash receipt, AVS, CVV2, Amex CID (as supported by your processor)
